Technical Bulletin

Firewalls with InSite Products—Customer Experience

The following table provides a list of firewalls that our customers have reported using, or attempting to use, for network connectivity with the Kodak® InSite™ family of products. Their level of success in integrating the firewall with their InSite software is described.

Important: Kodak does not test or qualify firewalls.

Status	Meaning
	The firewall has been successfully integrated at a number of customer sites with full features, including SSL, DMZ, and Smart Review.
	The firewall is not recommended, but may be useable with some limitations; for example, no SSL in a DMZ environment, or only with an evaluation trial.
	Some customers have been unsuccessful in integrating the firewall for use with InSite products.

Firewalls

Status	Model
	Adtran® NetVanta®—Models 2300 and 2400 only
	Check Point® Firewall-1
	Cisco® PIX Family
	Fortinet™ FortiGate™ 100/200
	Juniper® Networks NetScreen Family
	Netfilter/iptables—Open source code for Linux firewall
	Netopia® R5300
	Nokia® Firewall
	Nortel Networks Alteon—secured by Check Point
	SonicWALL Pro 100 and 300
	3Com® Superstack 3 Firewall—Version 6.33 required
	WatchGuard® Firebox® 500 and later
	Asante Family
	Cisco Router 1720 with Firewall IOS
	D-Link® Family
	Gallantry
	Linksys® Family

Status	Model
!	NetGear® Firewall Products
!	Netopia Cayman series 3300—No SSL support. Consumer grade; not rated for commercial use.
!	Netscreen-25™/Netscreen-50™—No DMZ network configuration support. Must use firmware version 5.2.
!	Sun® Ultra - ipfilter
!	WatchGuard SOHO
STOP	Cisco IAD 2400
STOP	Microsoft Internet Security and Accelerations Server
STOP	Sun Cobalt
STOP	Symantec R200—The **application data scanning** option may break the connections between Mac OS X clients and the InSite server, particularly when using Smart Review and doing uploads. Symantec (formerly Nexland) Turbo 800 Pro—Same comment as for Symantec R200. Also not qualified for SSL.
STOP	WINGATE®—The Prepress Portal, Creative Workflow, or Storefront software is unable to determine the difference between LAN and WAN clients
STOP	WinProxy®
STOP	ZixCorp®

About Kodak Graphic Communications Group (GCG)

The leading provider of graphic communications solutions worldwide, Kodak's Graphic Communications Group (GCG) offers image capture systems; professional color, copydot, and high-speed document scanning systems; inkjet printing and proofing systems; workflow and color management software; thermal imaging devices for film, plates, and proofs; high-quality proofing media, printing plates, and recording film; on-demand color and black-and-white printing systems; data storage products; and professional services. With corporate headquarters located in Rochester, N.Y., Kodak (NYSE: EK) has the largest global sales force and is committed to a digitally oriented growth strategy.
