About Kodak Preflight Locator

The Kodak® Prinergy® Preflight Locator software is a Kodak plug-in for the Adobe® Acrobat® software that is used to link directly from the PDF Preflight report to the exact location of the problem in the preflight document.

For information about how to preflight pages and open the PDF Preflight report, see the Prinergy Workshop Help.

Enabling the Preflight Locator

You can enable the Preflight Locator when the PDF Preflight report is open in Acrobat.

To enable the Preflight Locator:

1. From the Acrobat menu (Acrobat 7 and 8), select **Advanced > Kodak Tools > Kodak Preflight Locator**.

   A check mark next to **Preflight Locator** indicates that it is enabled.
2. If it is not enabled, then there is no check mark. Select **Preflight Locator** to enable it.

Opening the Preflight Locator

To open the Preflight Locator from the PDF Preflight report:

➢ Click the blue hand (☞) next to the problem you want to view.

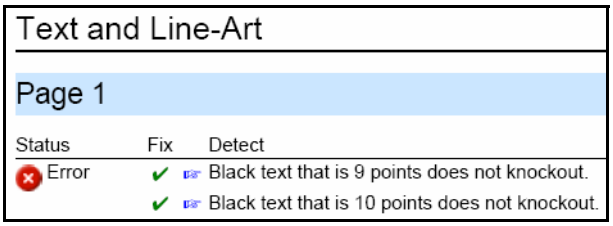

Figure 1: Sample PDF Preflight report

The PDF document opens and the first instance of the problem is highlighted with a green border (see Figure 2).

The Preflight Locator dialog box also opens and displays the following information:

- The type of problem (warning or error)
- A description of the problem
- A page reference for the problem
- The number of times the problem appears in the document

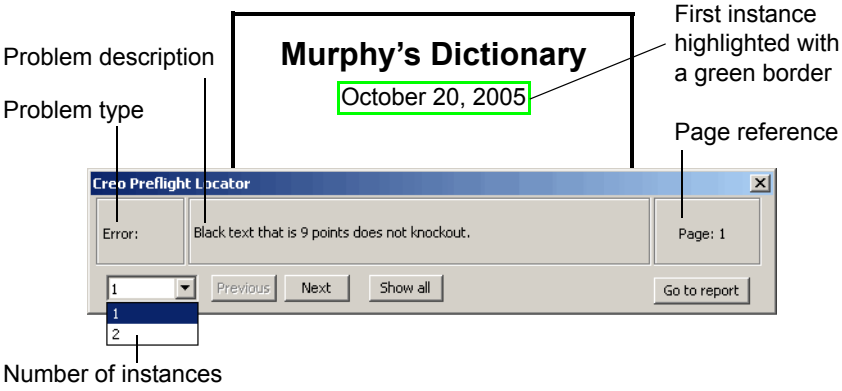

Figure 2: Sample of preflight page with Preflight Locator dialog box

To highlight another instance of this problem, select a number from the list, or click **Previous** or **Next**. To highlight all instances of the problem at the same time, click **Show all**.

Returning to the PDF Preflight Report

To return to the PDF Preflight report:

- Click **Go to report**.

Using This Document

Table of Contents: Click a heading in the table of contents to go to that section.

Index: Click the page number for an entry to go to that page.

Navigation pane and bookmarks: The navigation pane on the left side of the window (unless you've hidden it), includes a complete list of the headings in the document. Click a bookmark to go to that section.

Search: To search for a specific word or phrase from the **Edit** menu in Acrobat, select **Search**.
