Trademarks

The Creo wordmark, Creo logo, and the names of the Creo products and services referred to in this document are trademarks of Creo Inc.

Adobe, Acrobat, Adobe Illustrator, Distiller, Photoshop, PostScript, and PageMaker are trademarks of Adobe Systems Incorporated.

Apple, iMac, Power Macintosh, AppleShare, AppleTalk, TrueType, ImageWriter, and LaserWriter are registered trademarks of Apple Computer, Inc. Macintosh is a trademark of Apple Computer, Inc., registered in the U.S.A. and other countries.

PANTONE, Hexachrome, PANTONE Hexachrome, and PANTONE MATCHING SYSTEM are the property of Pantone, Inc.

PEARL, PEARLsetter, PEARLhdp, PEARLdry, and PEARLgold are registered trademarks of Presstek, Inc.

XEROX®, The Document Company®, and the digital X® are trademarks of XEROX CORPORATION.

Other brand or product names are the trademarks or registered trademarks of their respective owners.

FCC Compliance

Any Creo equipment referred to in this document complies with the requirements in Part 15 of FCC Rules for a Class A computing device. Operation of the Creo equipment in a residential area may cause unacceptable interference to radio and TV reception, requiring the operator to take whatever steps are necessary to correct the interference.

Limitation of Liability

The product, software or services are being provided on an “as is” and “as available” basis. Except as may be stated specifically in your contract, Creo Inc. expressly disclaims all warranties of any kind, whether express or implied, including, but not limited to, any implied warranties of merchantability, fitness for a particular purpose and non-infringement.

You understand and agree that Creo Inc. shall not be liable for any direct, indirect, incidental, special, consequential or exemplary damages, including but not limited to, damages for loss of profits, goodwill, use, data or other intangible losses (even if Creo has been advised of the possibility of such damages), resulting from: (i) the use or the inability to use the product or software; (ii) the cost of procurement of substitute goods and services resulting from any products, goods, data, software, information or services purchased; (iii) unauthorized access to or alteration of your products, software or data; (iv) statements or conduct of any third party; (v) any other matter relating to the product, software, or services.

The text and drawings herein are for illustration and reference only. The specifications on which they are based are subject to change. Creo Inc. may, at any time and without notice, make changes to this document. Creo Inc., for itself and on behalf of its subsidiaries, assumes no liability for technical or editorial errors or omissions made herein, and shall not be liable for incidental, consequential, indirect, or special damages, including, without limitation, loss of use, loss or alteration of data, delays, or lost profits or savings arising from the use of this document.

September 2005

Overview

This document describes the differences and enhancements between the Lotem 800 II Family platesetter's previous V-speed definition (prior to October 2005) and the new V-speed definition (after October 2005). After the enhancement, the Lotem 800 II Family platesetter has slightly different characteristics to its predecessor, as shown in the table below:

	Max. Drum Speed	Thermal Head	Software Update	Max. Throughput
Before V- speed enhancement (until Oct 2005)	375 rpm*	2		29 pph
After V-speed enhancement (from Oct 2005)	450 rpm*	2.5	• Lotem 800II speed upgrade for V (TH2.5) 3.80.16 • Update #1	31 pph

* Change the drum speed according to the CTP Media Imaging Performance Database spreadsheet. Use the spreadsheet to calculate the new V speed with a thermal head 2.5 (TH 2.5).

Note: The maximum power allowed for a TH 2.5 is 23W (versus 18W on the TH 2.0).
The maximum drum speed for the new drum speed definition must not exceed 450 rpm.
