Product bulletin

Brisque Version 5.1 EP is Ready for Distribution

We are pleased to announce the end of beta testing of *Brisque* software version 5.1.32. This version now moves to Early Production (gate 6). Full Production (gate 7) is planned for October 2006.

The *Brisque* 5.1 Support Kit (634-00145E) is currently in production, and the first 200 kits will be available in our stock by March 23rd 2006. The kits will be in the regional service centers by March 30th.

New *Brisque* configurations, which will be exported from CIL, will be loaded with *Brisque* version 5.1 starting on April 2nd.

Brisque version 5.1.32 EP is FOC (free of charge) for all *Brisque* v5.0 users. The upgrade from v5.0 to v5.1 is user-installable. The upgrade from v4.1 and earlier to v5.1 is not user-installable and requires a Kodak engineer on-site.

Brisque 5.1 requires a new password (additional information can be found in the *Brisque 5.1 EP Release Notes* document).

Brisque 5.1 has its own dedicated site on TechPlanet as part of the *Brisque* forum, and it is the default *Brisque* Home page (http://techplanet.creo.com/software_solutions/workflow_software/brisque)

The following TechPlanet postings are specific for Brisque 5.1, and are available on the Brisque 5.1 site on the indicated pages:

- **v51Ready** program > under Downloads
- Brisque 5.1.32 **updates and patches**. Includes the version updates and patches, which are intended on top of version 5.1.32, and their readme files > under Downloads
- Brisque 5.1 EP **Release notes** > under Reference (with translations)
- Brisque 5.1 **What's new** > under Reference (with translations)
- Brisque 5.1 installation procedures: **Migration** from 4.1 to 5.1 > under Installation (with translations), and **Upgrading** from 5.0 to 5.1 > under Installation (with translations)
- Brisque Version 5.0 **Installation Test Checklist**, installation test procedure checklist, which is a series of tests devised to demonstrate that the installation has been successfully completed > under Installation
- Brisque 5.1 **known problems and limitations** > under Reference
- Brisque 5.1 **Online Help** for Macintosh and Windows > under Reference
- Brisque Pack 5.1 **Web-based training** > under Reference

Note:
To avoid confusion the updates and patches are separated into two sections on the Downloads page:

- Updates for Brisque 5.1.32 at:
  http://techplanet.creo.com/software_solutions/workflow_software/brisque/nav/v51/downloads.htm#updates
- Patches for Brisque 5.1.32 at:
  http://techplanet.creo.com/software_solutions/workflow_software/brisque/nav/v51/downloads.htm#patches

The following postings are currently available on eCentral:

- **v51Ready** program with its installation instructions and flowchart > under Downloads > Brisque > Installers
- **Brisque 5.1 online help** > under Product Documentation > Brisque > online help
- **Brisque 5.1 Release notes** > under Product Documentation > Brisque > Release Notes > version 5.1
- **Brisque 5.1 What's new** > under Product Documentation > Brisque > Release Notes > version 5.1
- **Upgrading from Brisque 5.0 to 5.1** > under Product Documentation > Brisque > Installation guides.

Note:
The translations of the above last three documents are currently in the eCentral posting pipeline and will be available > under Product Documentation > Brisque > Translations

Brisque 5.1 updates and list of patches are currently in the eCentral posting pipeline and will be available > under Downloads > Brisque > Updates > Brisque version

About Kodak Graphic Communications Group (GCG)

The leading provider of graphic communications solutions worldwide, Kodak's Graphic Communications Group (GCG) offers image capture systems; professional color, copydot, and high-speed document scanning systems; inkjet printing and proofing systems; workflow and color management software; thermal imaging devices for film, plates, and proofs; high-quality proofing media, printing plates, and recording film; on-demand color and black-and-white printing systems; data storage products; and professional services. Creo joined the GCG in June 2005, when it became a wholly owned subsidiary of Kodak. With corporate headquarters located in Rochester, N.Y., Kodak (NYSE: EK) had sales of $13.5 billion in 2004 and is committed to a digitally oriented growth strategy.
