Brisque Version 5.x

newStanza.tar.Z

Date: 23 May 2006

Perform the following instructions to install the new Stanza for all Brisque platforms:

1. Log out from the Brisque software.
2. Export the **Other disks** via scismit
3. Download and copy **newStanza.ta.Z** to **/tmp**
4. Type:
   uncompress newStanza.tar.Z
   tar xvf newStanza.tar
   add_stanza
   cfgmgr
   lsdev -Csscsi
5. Verify that the disks appear with their correction description and do not appear as **Other disk**
6. Import the disks via scismit
