PHASER® 2135 COLOR PRINTER

In a class by itself, the new Phaser 2135 color printer from Xerox prints high resolution full-page color at an unheard-of 21 pages per minute.

It is easy to set up, maintain and manage, making it more efficient for IT administrators as well as end users. Productivity features like automatic two-sided printing, collation and "rip-while-printing" capability streamline your workflow. While high-capacity paper trays, and the ability to handle an array of media sizes and weights (including business cards, labels and up to 12 x 18 in.) give you unparalleled printing flexibility.

Color. Speed. Ease of use. And the power to let you do more than ever before. The Xerox Phaser 2135 is everything you want in a network printer.

enhanced productivity tools

An improved user interface, browser-based management and a wealth of standard productivity tools help you get more done faster and easier.

Selected tools for the user:

Collation printing provides collated copies of multiple-page documents.
RIP-while-printing processes multiple jobs concurrently.
Remote printing allows users to print directly to any Phaser printer on a TCP/IP network.
Secure Print holds confidential jobs until you enter a password at the front panel.
Proof Print allows you to print and proof one copy of your document before printing the entire job.
Printing Scout delivers instant pop-up help solutions.
Job Offset allows easy separation of multiple copy jobs.

Selected tools for the IT manager:

CentreWare Printer Management lets you manage your printers from anywhere using your web browser.
E-mail alerts are automatically sent to system administrators who can correct problems before they impact productivity or to resellers to provide more consumables.
PrinterMap enables proactive management, usage tracking, automatic report generation of your printers, regardless of vendor. Printer groupings, settings, and alerts can be easily customized.

ADVANCED SINGLE-PASS TECHNOLOGY GIVES YOU:

fastest color available

Industry-leading print speed of 21 ppm for full color (26 ppm black and white). Efficient high-speed single-pass technology delivers the fastest first page out time of under 18 seconds in color.

Equipped with a standard 128MB to 512MB memory and 500 MHz processor for high performance requirements.

Standard 10/100BaseTX Ethernet, plug and print driver installation, and easy auto-install puts color on your network immediately.

reliability and ease of use

The icon-based printer driver is intuitive and easy to use.

Ergonomic design and simple, efficient paper path allows easy access for consumable replacement and more trouble-free printing.

High capacity hard disk stores fonts, forms and enables large-job collation.

High duty cycle of up to 83,000 pages/month ensures plenty of muscle for high volume printing, while high-capacity toners mean less intervention.

high-impact image quality

Outstanding print quality of 1200 dpi resolution delivers high-impact color at its best.

Every time you print, expert color features automatically optimize the rendition of text and images on each page.

Advanced graphics features like Booklet printing let you produce professional-quality newsletters and brochures.

Xerox imaging technology adds clarity and sharpness to everything you print.

Phaser 2135DX configuration includes 256 MB RAM, automatic 2-sided printing, internal hard disk and 1650-sheet lower tray deck.

increased paper handling to let you do more

The Phaser 2135 is a production printer with the highest input and output capabilities of any of our color printers.

Standard: 550 sheet universal paper tray, 100 sheet bypass feeder, 500 sheet output face down, 100 sheet output face up

Options: Add up to two lower tray assemblies (each with a 550 sheet tray) or add a lower tray deck (includes three 550 sheet trays), plus an additional lower tray assembly can be added for a total paper capacity of 2,850 sheets.

For fast, economical two-sided printing, the automatic duplex module is standard on the DT and DX configurations

Feed different media from 16 lb bond to 110 lb cardstock (60 to 203 gsm) including labels, transparencies, envelopes in sizes from postcard to 12 x 18 in.
