Prinergy Automation Bundle 2-Day Start-Up Assistance Overview and Deliverables

Kodak® Prinergy® Automation Bundle Start-Up Assistance is a 2-day, on-site service that allows customers to get up and running faster. By providing on-site coaching and configuration of the workflow to meet specific production needs, customers are able to reach full functionality in less time. A Kodak product expert will work directly with the customer's prepress manager and trained staff to ensure they are able to successfully apply the skills acquired in Kodak product training courses.

Services

Suggested durations are only a starting point—they can be changed, depending on customer needs.

- Review Smart Hot Folders (approximate duration one hour)
- Review Kodak Prinergy Rules-Based Automation software (approximate duration two hours)
- Review Kodak Prinergy Automated Page Assignment software (approximate duration two hours)
- Review Automated Imposition (approximate duration two hours)
- Discuss combined automation operations (approximate duration nine hours)

Service Prerequisites and Customer Responsibilities

Before Starting Service Delivery

To obtain maximum value from the service, the Prinergy Rules-Based Automation software self-study training must be completed before the start of the SUA. Any uncompleted training issues will not result in a longer SUA period.

During Service Delivery

Everyone participating in the SUA should be available at all times during the SUA service.

After Service Delivery

This is a fixed duration service – if additional time is needed on-site, it will be provided on a chargeable basis subject to limitations of scheduling and local availability.

This is a fixed duration service—if additional on-site time is required, it will be provided on a chargeable basis, subject to limitations of scheduling and local availability.

This service is for Start-Up Assistance only. Kodak helps the customer to implement possible automation scenarios at the customer's site. Kodak is not responsible for the implementation itself, or the functionality of the implemented automation.

Automation Bundle Start-Up Assistance is limited to functionality that can be addressed via the interface. This service does not include custom scripting or development

The services described in this statement of work are provided on an *as is* and *best efforts* basis. Except as may be stated specifically in this statement of work, Kodak expressly disclaims all warranties of any kind, whether express or implied, including, but not limited to, any implied warranties of merchantability, fitness for a particular purpose, and non-infringement.
